

OUR CUSTOMERS

ARG works exclusively with large ENT practices in the USA to assist with revenue growth and profitability goals

Because we only work with ENT, clients have access to peer consulting sessions

CUSTOM SOLUTIONS

We create customized plans based on the overall goals of the practice to ensure success in every area of your growing practice. And when it is time to exit, we will create an exit strategy that meets the needs of the practice and the principals involved.

"ARG has helped us reduce our costs and assisted with growth strategies and they are one of the reasons we are now one of the largest ENT practices in the country."

—Administrator Large ENT Practice

The ARG Difference

An independent consulting firm focused on the financial health and revenue growth of otolaryngology practices

- **Advice and Planning**—Expert advice on revenue and profit growth customized for your practice
- **P&L Analysis**—Insight into the large immovable items on your P&L where cost can be reduced and unnecessary costs can be eliminated
- **Contract Negotiating**—Negotiate contracts and supply agreements in order to reduce costs through the use of creative resources such as the ARG Marketplace
- **Training**—CEU-approved training to create maximum skill sets in hearing aid sales and other ancillary products and services
- **Benefits Programs**—Creative programs that will attract new employees and retain current providers through health care plans with multiple options that meet the needs of every employee and student debt reduction programs
- **Exit Strategies**—Strategies outlined for individual providers, principals, etc.
- **Brokerage Services**—Expert financial analysis and valuations services to receive top value when selling your practice
